

DBH Students

Our Culture

These slides are designed to be read, not presented.

BLACK BOX WARNING

If you suffer from a fear of innovation, believe that healthcare will be fixed if we wait long enough for the experts to figure it out, think that clinicians should just treat patients, or believe that psychotherapy is ineffective,

GO NO FURTHER.

Our culture enables our students to *disrupt* the norms, *think entrepreneurially*, and *be responsive* to the demands of the healthcare marketplace.

We are

- ▣ People first
- ▣ Proactive to find solutions
- ▣ Eager to try new things
- ▣ Willing to fail and start over
- ▣ Always working to make things better
- ▣ Accountable
- ▣ Open to feedback
- ▣ Innovative
- ▣ Entrepreneurial

We are NOT

- ▣ Ego first
- ▣ Waiting for solutions to find us
- ▣ Resistant to change
- ▣ Scared of messing up
- ▣ Complacent
- ▣ Quick to blame others
- ▣ Defensive and stubborn
- ▣ Reliant on existing processes
- ▣ Apathetic

Yes!
It's true!

We seek students who are passionate about improving the healthcare marketplace and willing to take risks to change healthcare as we know it.

1.

About the Institute

Let's start with what we offer.

About

Cummings Graduate Institute for Behavioral Health Studies is a DEAC accredited, nonprofit institution offering graduate and professional integrated behavioral health education through a virtual online campus.

The institute delivers post-graduate training to mental health and allied health professionals leading to the Doctor of Behavioral Health (DBH) degree or advanced knowledge and expertise in integrated behavioral health.

The distance learning DBH program was designed to address the unmet educational need to prepare behavioral healthcare providers to practice in primary care and other medical settings as part of an interdisciplinary team.

“

Mission

Cummings Graduate Institute of Behavioral Health Studies is dedicated to disrupting healthcare by preparing entrepreneurial integrated care professionals through innovative & affordable quality distance education programs, grounded in the Biodyne Model, and focused on delivering patient-centered care, population health improvements, and medical cost savings.

“

DBH Program Mission

The Mission of the Doctor of Behavioral Health Program is to educate integrated care professionals to best deliver whole-person healthcare to diverse communities and to improve access to quality healthcare for all people.

Vision

To improve the way
the world experiences healthcare.

2. Our Culture + Curriculum

What it feels like to be a student at CGI.

By the way, we refer to our institution as CGI.

A photograph of a wooden desk with a computer monitor, keyboard, and tablet. The tablet displays a calendar for 2015. The text is overlaid on the image in a white, serif font.

*CGI is a human centered organization
delivering accessible, high-quality,
online education to shape tomorrow's
healthcare leaders.*

Online Learning

Our 100% online DBH program gives students the opportunity to complete their degree while balancing their personal lives, commitments, and professional practice.

Rigorous and innovative doctoral curriculum

Convenience and flexibility of an online institution

Personalized, student-focused service of a small scale private school

Student Expectations

Communication is the backbone of student success. Prompt, articulate, and efficient communication by email, phone, and within course discussion boards is an expectation.

Growth and risk taking are paramount to student success. Students are expected to step outside of their comfort zone in subject matter, assignments, research, and projects. Expect to try new things, invest 100% into ideas, pivot, and start over.

Respecting deadlines, requests, and the time of others will cultivate a happy and healthy learning environment for students, faculty, and administration. If unable to meet a deadline or request, say something. Silence and avoidance are not an option.

As an online institution, regular and proactive engagement within courses and with faculty is critical. 100% of CGI learning experiences take place virtually. Students are expected to be active learners logging into their courses multiple times per week.

Student Success Tips

You control your destiny.

As a student at a 100% online institution, you control the speed, focus, and quality of your education experience. Own your actions and advocate for yourself.

Be present.

Give your coursework and your interactions with faculty and students your full attention. Communicate with respect. Distractions are only distractions if you let them be.

Take your success seriously.

Pursuing post-graduate education is a massive investment. You're devoting hundreds of hours to studying, researching, and writing in addition to financing your education. Acknowledge the magnitude of this commitment, and make the most of your experience!

DBH

If considering the Doctor of Behavioral Health degree,

There are 2 elements of the DBH program
which set it apart from other
behavioral health degree programs:

ePortfolio + Culminating Project

ePortfolio

The ePortfolio is an innovative approach to demonstrating competency as a DBH student over time.

The ePortfolio is a digital collection of evidence that shows how students use assignments throughout the program to disrupt the healthcare marketplace and prepare to launch an applied culminating project.

Culminating Project

The DBH Culminating Project fulfills the doctoral degree requirement in lieu of a traditional dissertation.

Completion of a culminating project includes:

1. An applied research paper, demonstrating design, implementation, and evaluation of a project to address a problem identified in the healthcare setting.
2. A well-supported proposal to solve that problem with an innovative integrated care solution
3. A live Culminating Project Defense and/or IRB review (if required for human subjects research)

Impact

We believe that the curriculum and personal mentoring offered at CGI, together with the entrepreneurial culture of our faculty and students, will help you reach your life change goals

personally, academically and professionally.

So get out there, and make pigs fly!

*Have you seen our mascot? A Pigasus.
Yup, you read that right, PIGASUS.*

And don't forget to have fun while you do it.

If you've gotten this far and actually read every word, then we only need to ask you one question.

Are you more excited at the prospect of studying at CGI than you were prior to reading this deck?

If yes, we cannot wait to see what you accomplish during your time at CGI!

Here are your next steps...

Visit our website to view admissions eligibility requirements, course descriptions, and tuition information.

cgi.edu

Jot down any questions you have and share them with our Admissions Coordinator.

admissions@cgi.edu

480-285-1761 ext 1

Her name is Cece, and her job at CGI is simple: to ensure you have everything you need make an informed decision about your education.
